Submission to **Hamilton City Speed Limit Bylaw 2018**

YES I do you want to verbally present to the Council in support of your submission?

Cycle Action Waikato (CAW) supports changing speed limits by Council Resolution and supports a permanent lower speed limit on Gordonton Rd.

CAW also ask council to push Central Government / NZTA to lower speed limit on Cobham Dr as recommended in 2013 NZTA/HCC Southern Links Transport Modelling Report.(AECOM 60164546 / 3.6.3)

(p41) 8K – Cobham Dr 60km/h

The lowering of the speed limit and speed operating environment on Cobham Dr from 80km/h to 60km/h has positive benefits

(p 42) Recommendation: - Include the lowering of the speed environment on Cobham Dr to 60km/h
