5. Next Meeting: Kunming Room, 29 July 2009, 12.30pm.

<b>Present:</b>	Nathaniel Benefield, Carl Whittleston, Kylie Hillier, Alan Chapman, Graeme Lindup, Angela James.
<b>Apologies:</b>	

<b>Item</b>	<b>Description</b>	<b>For action by</b>
Adoption of minutes of previous meeting	Agreed minutes of meeting of 18 March 2009 as circulated a true and accurate record.	
Matters arising	All dealt with as agenda items.	
Coronation Ave/Junction Rd	Alan submitted a report on Coronation ave Junction Rd. Intersection design allows cars to regularly block the cyclelane. Carl has passed the report to Ross McCoy for comment/action.	info
Share the road campaign	2 page Advertising space has been booked for Augusts LIVE magazine using the magenta artwork and driver/cyclist messages.  Investigation into advertising on the back of two buses is progressing. A1 and A2 posters will be printed and hung around town. Flyers will also be produced for distribution at i site cycle and recreation stores. Investigating the possibility of distribution at AA and BP.	Nathaniel/Chris
Mangorei Rd & Northgate intersection/Te Henui Bridge	Proposal for upgrade to Mangorei Rd & Northgate intersection is still with NZTA. Hook turns have been proposed as a treatment by NZTA with advance stop boxes already painted on Mangorei Rd heading both north and south. Work on hold till November '09.  Proposed walk/cycle underpass concept plan drawn and have been taken to NZTA. Need to confirm that this is now a non-starter?	NZTA/Carl  Angela
Waiwhakaiho Bridge shared pathways	\$150 000 funding set aside for ramps, barriers and footpath upgrades. The rails have been installed and work on the ramps is near completion.	Info.
Green cycle lane markings	Kylie has investigated paint options which are considerably cheaper than the epoxy textured options. Carl to investigate an epoxy green treatment suggested by MWH Looking to target five locations within the city: <ol style="list-style-type: none"> <li>1. Northgate/Mangorei Rd intersection</li> <li>2. Rimu St/Mangorei Rd</li> <li>3. Tukapa St shopping area</li> <li>4. Tukapa St/Wallace Pl</li> <li>5. Morley St/Wallace Pl</li> </ol> July 2009 onwards likely to happen.	Kylie  Carl

Item	Description	For action by
Cycling infrastructure upgrading	<p>Top 30 areas for network upgrade were identified. NPDC are currently awaiting NZTA feedback. The RLTP that has been out for consultation has set aside \$1 million per year for three years. We are considering zoning, hit a big area with several treatments.</p> <p>Coastal Walkway extension approved , the bridge is to be contractually completed and opened in March 2010. The extension route has been mapped and work will begin imminently. We should have a rideable route ready for the NZCC in November.</p> <p>Annual 150k cycle strategy implementation budget deferred until 2010/11.</p> <p>STC programme funding secure for 2009/10</p> <p>NTCA,NPDC, MWH network consultant NZTA Ross McCoy fro a round table sort out of what's to happen and when.</p>	<p>NZTA</p> <p>Angela</p> <p>Carl</p>
Motorway on SH3 South	NZTA to move the kerb back next year and remove no cycling sinage. Scheduled for this financial year.	Carl/NZTA
Devon St West	NTCA audit still with NZTA and no response to date. Needs a face to face meeting with Ross McCoy.	NZTA
Devon St West School Zone	Not clear on where this is heading, maybe back to the underpass option for children living south of Devon St. Need to get schools to exert more pressure for progress by NZTA on a satisfactory solution. A Corridor Management Plan is still the best option but having trouble getting NZTA to agree to this.	Nathaniel
Extension of the Coastal Pathway	<p>Resource Management Act application currently going through the process of getting approval from the affected parties.</p> <p>Coastal erosion study underway.</p> <p>Request for Proposals currently out for the design of the extension of the pathway to Bell Block.</p> <p>Night time use of the pathway being considered, difficult to achieve solution for all users.</p> <p>Peer review of the bridge design completed.</p>	<p>Angela</p> <p>Angela</p> <p>Info.</p>
	Majority of walkway in this year Bell Block to Riflerange Rd. Surface for all users, all wheels, looking into a runners verge Perhaps a need to gauge public opinion on the level of service desired.	All
Maps	Robert Newbrook Has completed work on the Huatoki mapping work. TeHenui commuter map will be printed this month in 2 formats. Start work on whole network map of walkways, shared use and cycleways.	Nathaniel
Te Henui Walkway	Being upgraded for cycling up to Cumberland St. Sight lines being improved with cut backs to vegetation. Still problem around Wairangi Pa and the steps there.	Info.

Item	Description	For action by
CSIT reporting	Report on Cycle Strategy Implementation needs to be prepared and presented to the Monitoring Committee. To be done by when?	Nathaniel/ Angela
Next Meeting	Wednesday 29 12.30pm Kunming Room Ground Floor Civic Centre.	
There being no further business the meeting closed at 1:30 pm		

*Next Meeting Wednesday 29 July Kunming Rm 12.30-1.30pm.*
